Men's Health Luncheon Symposium:

An Update in Men's Health for Urology Residents and Trainees

SESSION V • Sunday, June 12, 2022
1330-1600 TRT (GMT+3) Room: Izmir-Istanbul

Join us for this special luncheon symposium, tailored specifically for residents and young urologists. Through dynamic presentations and discussion, the internationally renowned expert panel will address diagnostic and management of common men's health issues.

LEARNING OBJECTIVES

Upon completion of this activity, participants should be able to:

- Recall the diagnostic workup of patients with common men's health issues
- Describe the management of common men's health issues
- Examine techniques for placing an inflatable penile prosthesis and artificial urinary sphincter and avoiding device infection
